## **Diesel fuel spray penetration, heating, evaporation and ignition: modelling vs. experimentation** — [Source link](#)

Sergei Sazhin, Sergey Martynov, T. Kristyadi, Cyril Crua ...+1 more authors

**Institutions:** University of Brighton, University College London

**Published on:** 20 Jun 2008 - International Journal of Engineering Systems Modelling and Simulation (Inderscience Publishers)

**Topics:** Autoignition temperature

REASONS

It is an important resource for myself and my colleagues

I will be referring my students to this publication regularly to assist their studies

This publication will complement the library's collection and strengthen our information resources

I am an author or editor for this publication and therefore strongly support it
